

The HighScope Approach

SimplyKidz
Academy

We believe that the Highscope Active Learning Approach, adapted to fulfill the South African educational policy outcomes on Early Childhood Development, will prove to be a unique experience that will benefit our Simply Kidz Academy community.

www.highscope.org

“Education is expensive – until you count the cost of ignorance.”

Derek Bok

Former President of Harvard University

We are open week days from 7:15am - 5:30pm. We operate throughout the year except for our mid year break (coincides with the June/July school holidays), the prescribed December/January school holidays and the official South African public holidays.

We provide an environment where the physical, emotional, social and educational needs of your (4 month - Grade R) children are met.
